

Scope Education Programs

Disability Engagement eLearning

- Rapidly equip your team with the confidence and skills to interact positively with all people
- Ensure everyone knows their roles and responsibilities under the Disability Discrimination Act
- Meet your organisation's Disability Access and Inclusion plan objectives

Rapid, low-cost training that delivers results

See the Person is a high-quality, 45-minute online learning module that enables learners to:

- Challenge myths and stereotypes often linked to people with a disability
- Create welcoming environments through the use of appropriate language and behaviour
- Understand how to make “reasonable adjustments” to meet legal obligations under the Disability Discrimination Act
- Access further information and resources for ongoing learning and support.

The Scope difference

All of our training is designed and presented by people living with disability. Your staff will hear real-life stories and engage with a range of interactive, thought-provoking activities.

Did you know...?

Scope is one of Australia's leading disability support service providers. Talk to us today to find out how we can support your organisation to achieve even more.

“Outstanding in delivering a professional and informative training program. It was interesting to hear the personal stories and suggested ideas”

V/Line public transport

“Excellent workshop, thank you. I learnt a lot and appreciated this so much. Logical, clear communication, outstanding, very current & from a trustworthy source”

Breast Cancer Network Australia

“The course was very interesting, very clear, an eye opener and thoroughly worth it. I learnt a lot, the information was not only useful and relevant, it was also transparent.”
